CONNECT FOR FRESHDESK™

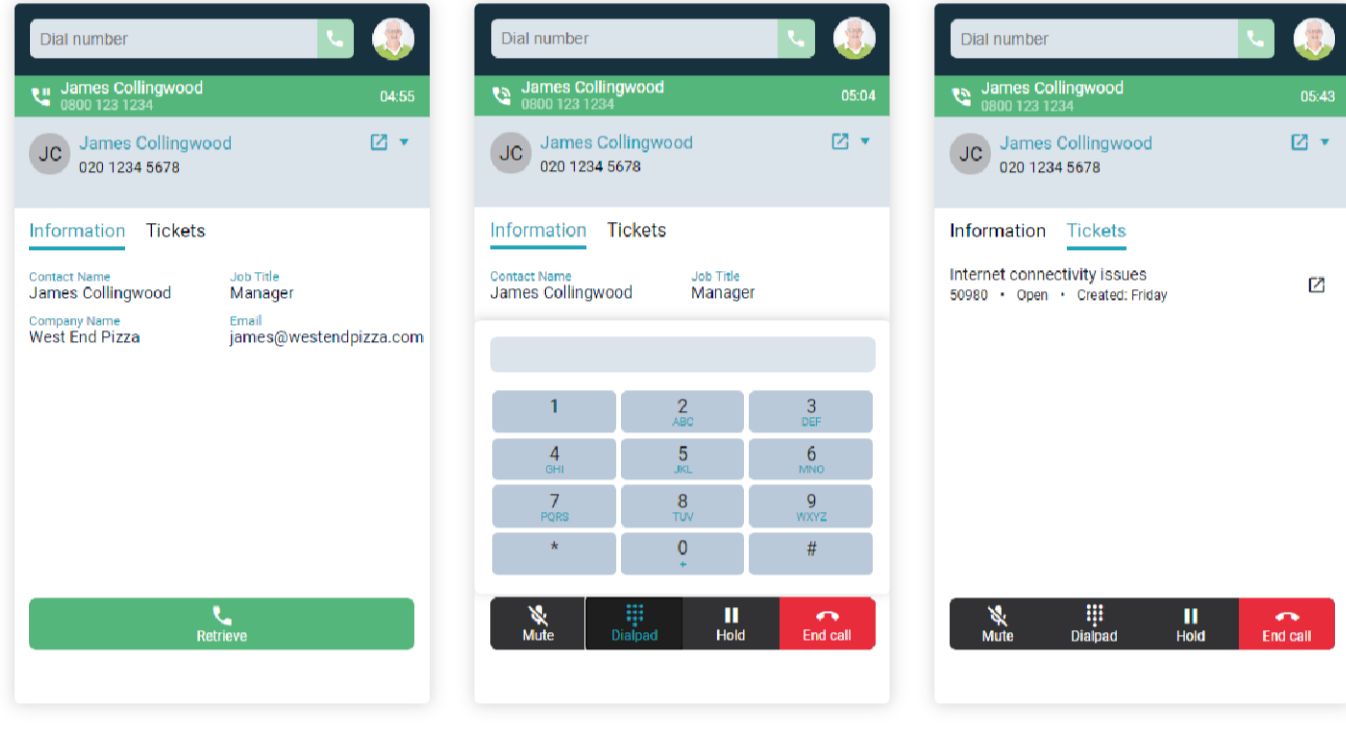

## Revolutionise Your Support Team with Dimensions Connect

Unleash the Power of Seamless Integration within Freshdesk™

Experience the power of Dimensions Connect and **streamline your customer service** within Freshdesk™.

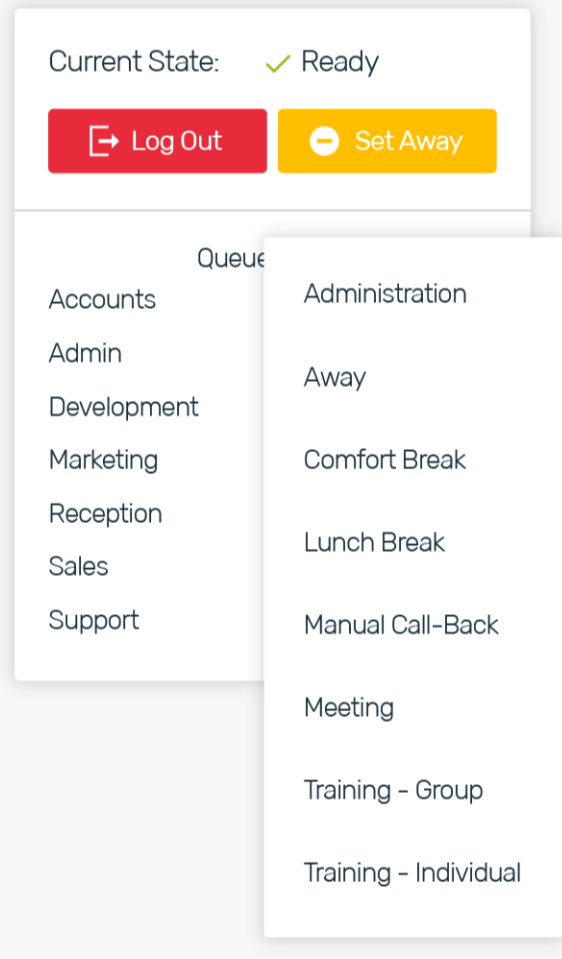

- ✓ Embedded softphone with browser notifications for a **seamless user experience** with reduced context switching
- ✓ Click-to-dial feature **eliminates misdials and optimises time** from ticket or contact screens
- ✓ Auto-identifies callers, saving time and **improving customer experience** by providing a list of associated active tickets
- ✓ Logs telephone call history as a **comprehensive Note within tickets**, including a link to call recordings

AWAY REASON CODES

## Enhancing Supervisor Insights

### Introducing Away Reason Codes in Dimensions:

- ✓ Select from a preconfigured list of reason codes to indicate unavailability for calls.
- ✓ Empowers supervisors, particularly for remote management, by providing key information about staff availability.
- ✓ Customisable away reason codes to fit your specific business needs.
- ✓ Historical display of away reason codes in reports enables monitoring of agent performance.
- ✓ Supervisors can update away reason codes for users via the Dashboard and create alarms based on different reason code types for effective user management.
